## HONEST DENTISTRY

It is only a matter of simple calculation to show that good dentistry can be given with low prices. It is the dentist who has only a few patients that must charge high prices.

The dental office that is kept busy can easily afford to give lower rates. It is only another kind of quick sales and small profits.

**7423 Patients Recommend Us.**

We employ none but skillful dentists of long experience. Our methods are guaranteed to be absolutely painless and perfectly antiseptic. No charge for extraction of teeth unless they are painlessly removed. Where the patient orders a plate we do not charge for necessary extractions. We restore decaying teeth, we replace lost teeth and beautify sound teeth.

We guarantee for fifteen years our plates and bridge work to fit, to be comfortable, serviceable and natural.

A discount of 10 per cent to out-of-town patients who pay railway fare to San Francisco.

### ORCHARD CITY GRANGE ACTIVE.

#### Resolutions Adopted Favoring Pure Food Bill. Pomona Grange to Meet Here.

The past quarter's work in Orchard City Grange has been highly satisfactory to the new officers, and members also.

A class of sixteen have just completed initiation in the fourth degree and it has become necessary to postpone further initiation until May, that the Grange may have the intervening meetings to dispose of the important questions constantly coming before it.

At the last session the pure food bill was actively discussed, there being some fear that the sulphuring of fruits would be prohibited entirely, thus working a great injury to the orchardist, however the matter was explained that the objection to sulphur came from the fact that the packers were re-sulphuring to such an extent that they were working an injury to fruit, consumer and grower, and that it was time the government interfered. The following resolutions were adopted:

WHEREAS, Orchard City Grange, representing a membership of 150 orchardists and fruit growers in the Campbell Fruit District, being vitally interested in national legislation which will prevent the manufacture, sale or transportation of adulterated, misbranded, poisonous or deleterious foods, drugs, medicines, and liquors, and

WHEREAS, the United States Senate has passed an Act in the so-called Hepburn Bill, S. 88, covering in a large measure many of the abuses in commerce concerning the supply of food stuffs, drugs and liquors, therefore be it

Resolved, that Orchard City Grange instruct its secretary to request Hon. E. A. Hayes, representing this Fifth Congressional District, to lend his influence and do all in his power to secure the passage of the Hepburn Bill at this session of Congress. Be it further

Resolved, that our secretary be instructed to send a copy of these resolutions, under seal of the Grange and properly attested, to our representative in Congress, and also to spread a copy on the minutes of the Grange.

The Pomona Grange will meet with Orchard City Grange, No. 333, May 8th, for an all day session. All the subordinate granges of the county have been invited, and much good will be derived from this bringing together of fruit growers. The local grange will furnish the feast.

Orchard City Grange will celebrate her third anniversary April 24th. Worthy Master Abbott has placed the arrangements and program entirely in the hands of the Worthy Lecturer and a good time is expected.

At the next meeting, March 27th, a question box will be instituted and it is expected much valuable information will be interchanged by this means, as members may bring in questions they would like answered.

This Church was organized April 28, 1889, the first Church organized in Campbell, with twelve members. At first the meetings were held in the Town Hall until the church building was built and dedicated on March 13, 1892. There were 115 seats in the original building, which number could be increased to 165 by use of the prayer meeting room. The new addition gives us 57 new seats, which with space for chairs makes our present seating capacity a total of 250. The present membership, including those that will unite at next communion, is one hundred and forty-three. This Church is one of four Churches of our denomination in California that has never received aid from either the Home Missionary or the Church Building Societies.

### MICHIGAN GRANGE

STEADY PROGRESS OF THE ORGANIZATION.

**The New State Primary Law Severely Criticised by the State Grange—Direct Nominations Preferred—Michigan Has 45,000 Grangers.**

For the past two or three years there has been a rapid gain in membership in the grange in Michigan and this increased growth has been a healthy one, adding increased influence to the Order. It has been able to adapt itself to new conditions and its power to endure change has been well tested. There are now about 45,000 members of the Order in

GEORGE B. HORTON.

the state and the last annual meeting of the state grange, held at Grand Rapids, was, in many respects, the most successful one ever held. There are sixty-seven counties represented in the list of 731 subordinate granges reported up to Oct. 1. At this writing there are something over 750 granges in the state.

One of the most prominent questions which have engaged the attention of the grange during the past year is that for real primary reform. There was an attempt at the last meeting to swing the grange from its position favorable to honest primary elections, but it did not avail. A resolution was passed favoring the nomination of all candidates by popular vote. Other propositions favored by the grange were the following: Asking the legislature to make Michigan railroads common carriers of live stock; renewing declaration for government ownership and control of all public utilities; favoring the initiative and referendum; recommending the state legislature to pass laws preventing graft in the arrest of tramps; requesting the Michigan Agricultural college to supply programmes for local grange meetings pertaining to the work of the college; declaring against the proposed exemption from taxes of land planted with trees for reforestation; indorsing county system for improving public highways; favoring the postal savings bank system and the extension of rural free mail delivery service; indorsing President Roosevelt's efforts to increase the power of the interstate commerce commission to regulate railroad rates; favoring a law for post check currency and the removal of revenue tax from domestic alcohol rendered unfit for use as a beverage.

Co-operation along business lines, which has received increased emphasis each year during Mr. Horton's administration, has now become a very important factor in the grange work of that state. The report of the information bureau shows that 425 granges were enrolled last year. Among the year's transactions were the purchase of \$12,000 worth of clover seed and nearly 4,000 pounds of cheese, on which a saving of from 2 to 5 cents per pound

was effected. Many other articles were handled, the result being in every case satisfactory. This year an attempt will be made to co-operate in selling farm products as well as in buying farm supplies.

A feature which was entirely new to the state grange and which was a notable success was the exhibit of farm products for which prizes were offered. Contests were engaged in corn, potato and fruit exhibits. Grange fire insurance is also very successfully carried on in this state. There is now in force \$6,214,544 in policies, a net gain during the year of over \$2,000,000. There are now 4,221 policies in force in the State Patrons' Mutual Fire Insurance company. In the four years of its existence the company has made but four assessments, which total only \$7.25 on each \$1,000 of insurance for the four years, and it has never been obliged to make an assessment for running expenses.

### KEYSTONE STATE GRANGE.

**Favors Grange Life Insurance and Equal Taxation.**

The very active grange organization in Pennsylvania has again taken a strong position on several public matters. At its December session it advocated ballot reform, parcels post and postal savings banks, a grange life insurance company, grange banks under national banking laws, trolley freight systems, centralization of schools and equal taxation.

Pennsylvania is about the first state to move in regard to national banks and to grange life insurance. The executive committee reported that they favored grangers organizing national banks in their counties, the capital stock to be retained, as far as possible, under control of members of the Order. In respect to grange life insurance the following resolution was adopted. We give it in full, inasmuch as it is likely to be followed by similar grange legislation in other states:

Whereas, We have learned with alarm of the great misuse of the policy holders' money by the great life insurance companies; and,

Whereas, We do not believe the service of any man as president of a life insurance company is worth \$150,000 per annum; and,

Whereas, Most insurance companies take risks that are questionable; and,

Whereas, The American farmer, because of his temperate habits and outdoor life, is the best possible risk and the Patron of Husbandry the best risk among farmers; therefore, be it

Resolved, That we, as Patrons of Husbandry in state grange assembled, do hereby express it as our opinion that it is not a good business principle for us to continue paying exorbitant premiums for our life insurance when our money is used in Wall street and by the trusts against our interests, and be it further

Resolved, That the worthy master of this state grange appoint a committee to work in conjunction with the executive committee and the worthy master in considering a grange life insurance company and to prepare plans for the same to present to the annual session of the state grange for 1906.

### NEW HAMPSHIRE GRANGE.

**H. O. Hadley Re-elected Master—The Order in a Flourishing Condition.**

The Order of Patrons of Husbandry in New Hampshire is in most excellent condition. The membership is now over 28,000, and there is a balance in the treasury of the state grange of about \$24,000. The grange mutual fire insurance company carries about \$7,000,000 on farm property and has saved several thousand dollars to its members during its existence of seventeen years. Among the resolutions adopted was one favoring the establishment of a correspondence school in connection

with the New Hampshire Agricultural college. A resolution to reduce the fees of subordinate granges was defeated after a lengthy debate. One thousand dollars was voted for educational purposes in the subordinate granges. Another opposing the establishment of the Salem race track was adopted. Herbert O. Hadley was re-elected master, and a large class received the sixth degree. National Master Bachelder was present and in an address said, speaking of his election to the office of national master:

Much as I appreciate the honor, I am almost overwhelmed with the sense of responsibility attached to it. When I consider the fact that it includes within its jurisdiction more than 30 state granges, 500 Pomona granges, 25,000 chartered subordinate granges, about 1,000,000 members, holding more than 100,000 meetings annually, I am appalled at the opportunity for progressive influence, as well as responsibility of far reaching disaster to the organization. I enter upon the work with an appreciation of the possibilities of success and the danger of failure.

Speaking of the contrast between the representative body which met in Manchester this year and the same organization of twenty-five years ago, a Manchester paper said that the growth and influence of the grange in that time were surprising and complimented the high order of intelligence of the men and women who attended the state grange sessions and who "know the needs of their communities and who are interested in the educational, moral and material welfare of the state."

**Some Startling Figures.**

The following figures compiled by Dr. Sidney A. Weston on the tobacco and the drink habit are worth considering.

As to the tobacco habit:  
Said the former president of Cornell University in regard to this: "I never knew a young student to smoke cigarettes who did not disappoint expectations. I have watched this for thirty years, and cannot recall a single exception to the rule." Or listen to the testimony of the Spencerian Business College: "This is our experience in teaching more than fifty thousand young people: "Cigarettes bring shattered nerves, mental weakness, stunted growth, and general physical and moral degeneracy. We refuse to receive users of tobacco in our institutions." Many other firms and schools testify to the same, and refuse to receive or employ tobacco users.

As to the drink habit:  
For statistics of the woes of intemperance read this from *McClure's Magazine*. "There are at present four and a half times as many murders and homicides for each million of people in the United States as there were in 1881. In 1881 there were 1,266 murders and homicides in the United States, or one to 40,534 people. In 1903 there were 8,976 murders and homicides, or one to 8,955 people, or more than a fourfold increase as compared with the population. In 1899 conditions improved, but since then have steadily grown worse." The *Charleston News and Courier* says that there were 223 homicides in South Carolina last year and that 200 of them were caused by whisky. According to the *Chicago Tribune* the 8,000 saloons of that city, besides contributing 75 per cent of its criminals, cost the city \$4,125,000 for the expense of caring for the products of the saloon.

The Ladies' Aid Society of the Methodist Church will meet in the parlors of church, Thursday, March 29, 1 o'clock.

The topic for the Sunday evening discourse of Rev. A. H. Needham at the Methodist Church is: "Seeking for a Man."

Russel Kennedy is expected home soon after the first of April. He is now located near Huston, Texas. He has been as far east as New Orleans.

Dr. and Mrs. P. C. Hartman returned Thursday from a short visit with Dr. and Mrs. M. J. Gates and Mr. and Mrs. P. F. Farrington at Santa Cruz.

The Epworth League will this (Friday) evening tender a reception to the Christian Endeavor Society. It will be in the nature of a Saint Patrick's social, the program and decorations being arranged with that thought in view.

Worthen Williams, of Los Angeles, visited his parents here last week. He was for some time editor of the *Campbell Visitor* for some time previous to 1899. He looked the same as in days of yore. But Worthen has changed his politics since going to the City of Angels, being now a full fledged Socialist. But then in Los Angeles he has plenty of company.

Rev. S. D. Hutsinpillar, D. D., of San Jose, has been engaged to deliver a lecture in the Campbell M. E. Church on Friday evening, March 30th, for the benefit of the piano fund. The subject of Dr. Hutsinpillar's lecture will be "Common Sense and Nonsense," and as the speaker has a wide reputation as a lecturer, no doubt a full house will greet him next Friday night. Admission 25c; scholars under fifteen years, 15c.

Miss Charlotte T. Holman, a Standard Bearer Missionary of the Southern California Conference, will speak at the Methodist Church in Campbell next Sunday morning. Miss Holman came home from India broken in health some three years ago, Dr. Edna Beck, of Berryessa and well known here, assuming the work of caring for a large number of women and girls under Miss Holman's care. Having regained her health she is on her way to India again. Go and hear her Sunday morning.

The Sunnyside Social Club met last night at the home of Mr. and Mrs. E. C. Hurlbert, there being twenty present. A business session was held at which the proposition of uniform planting of shade trees, flowers, etc., was discussed and a committee composed of L. J. Stratton, Mrs. Hurlbert and Miss Lulu Holmes was appointed to investigate and report. The ladies had quotations from Tennyson, the young men from Stratton, the latter being strictly down-to-date gems. Games and refreshments kept the members interested during the remainder of the evening. The Club will meet next Thursday evening with the Misses Kennedy.

### Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by Campbell Drug Store.

Mr. C. R. Lewis has been confined to his home for some time by a severe illness and his advanced age makes his recovery the more uncertain.

Father Ayres is in a critical condition and his loved ones feel that the end must be near. He has been failing for some time, but it is remarkable how he retains his strength at such a ripe old age.

Wm. R. Speegle, of San Jose, father of George L. Speegle and Mrs. G. B. Hinman of Campbell, has passed to his reward at the age of 76 years. He was a 49er and a Mexican War veteran and a man of sterling character. The funeral was held this afternoon from the family residence in San Jose.

### A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by Campbell Drug Store.

# Marriage Cannot Be Abolished Any More Than Eating

By MAX NORDAU

THE aim of those who preach the emancipation of woman is to make it possible for her to LIVE WITHOUT MAN and to RENOUNCE MATRIMONY. This method of curing the existing unhappy conditions is about as efficacious as that of some philanthropist who might give lectures during a time of famine on the subject of how MAN COULD MOST EFFECTUALLY BE WEANED FROM THE HABIT OF EATING.

The question would be then how to supply the hungry with food, not how to teach them to do without it. And the little band of self constituted agents of the victims of our civilization ought not to persuade and make it possible for woman to renounce marriage, but should try to secure her HER NATURAL SHARE IN THE LOVE LIFE OF HUMANITY.

It is the duty of society to care for its children, to educate them completely and as often as is necessary to support them until they become capable of supporting themselves, and it is no less THE DUTY OF SOCIETY TO PROTECT WOMAN, its most valuable breeding material, against physical want.

\*\*\*

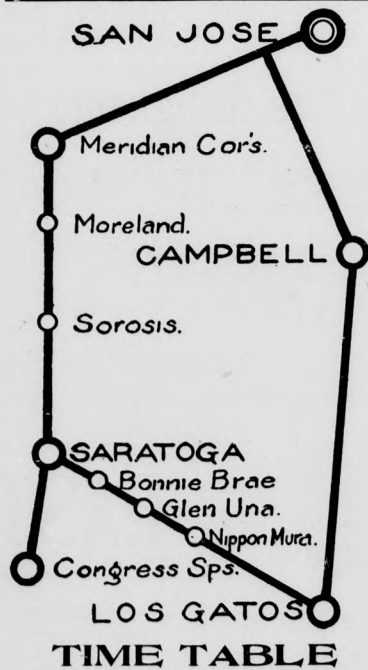

The community owes protection and support to woman. Man's part in the life of species is that of breadwinner, the preserver and defender of the living generation; woman's that of the preserver and defender of future generations, THE IMPROVER OF THE RACE BY NATURAL SELECTION, as she excites strife between the men of which she is the prize and in which the ablest competitors secure the most valuable spoils.

As a child the girl should receive the advantages of the public education of the young, and later, if it is necessary, SHE SHOULD BE ENTITLED TO COMPLETE SUPPORT, either in her parents' house or in a home of her own.

SOCIETY SHOULD LOOK UPON IT AS A DISGRACE IF ANY WOMAN, YOUNG OR OLD, BEAUTIFUL OR UGLY, SHOULD FEEL THE PANGS OF WANT IN ANY CIVILIZED COMMUNITY.

In a society reorganized upon these principles, in which woman would have no anxiety in regard to her daily bread, knowing that she is protected from want in any case, whether married or single, IN WHICH THE CHILDREN WOULD BE SUPPORTED AND EDUCATED BY THE COMMUNITY, in which man could not expect to buy as many women with his money as he wants, because hunger would no longer be his go between—in such a society woman would marry from genuine affection alone, and THE SPECTACLE OF OLD MAIDS who have found no husbands WOULD BE AS RARE as that of old bachelors, who enjoy in their free licentious life all the pleasures with none of the moral burdens and limitations of marriage.

When material considerations enter no longer into the contracting of a marriage, WHEN WOMAN IS FREE TO CHOOSE AND IS NOT COMPELLED TO SELL HERSELF, when man is obliged to compete for woman's favor with his personality and not with his social position and property, THEN THE INSTITUTION OF MATRIMONY WILL BECOME A TRUTH, the sacred and sublime spirit of nature will bless every embrace, and EVERY CHILD WILL BE BORN SURROUNDED BY THE LOVE OF ITS PARENTS as with a halo and will receive as its first birthday present the strength and vitality with which every couple that has been formed by the attraction of affinity endows its offspring.
